

Mistral

As one of the oldest tile-making traditions in the world, Zellige tiles have adorned mosques and palaces for centuries. The Mistral collection reinterprets the heritage of Zellige tiles for the modern day. Tile makers in Fez, Morocco, employ time-honored methods that have been perfected and passed down over generations. The individually hand-chiseled tile pieces bridge the past and the present by marrying classic techniques of tile making with modern patterns and colors. Unique to Mistral, lead-free Italian glazes are applied to the Zellige tiles to achieve a striking, fresh palette curated for today's distinctive interiors and exteriors.

Bab	1.051 SF/Sheet	5 Sheets/5.255 SF
Kilim	0.572 SF/Sheet	5 Sheets/2.860 SF
Reverie	0.927 SF/Sheet	5 Sheets/4.635 SF
Trapezium	0.893 SF/Sheet	5 Sheets/4.465 SF
Small Bullnose (1 x 4)	0.331 LF/PC	180 Pieces/59.642 LF

Grout Joint Recommendation
Please see Installation Guidelines for grout joint recommendations.

NOTES
Since variations are common in artistic ceramic tile, we recommend final selection be made from an actual tile mock-up. To achieve optimal results in shading, layout and design, tile should be randomly selected from multiple boxes during installation. We recommend a minimum of 10% overage on all orders. Please take care when grouting and protect surface from abrasion. Installation constitutes acceptance. We advise retaining control samples to aid in color matching if additional material is required (match not guaranteed).
MAINTENANCE
A routine cleaning of Mistral tile can be done with a light duty non-abrasive, close to neutral pH detergent cleaner.

- * See install instructions for specific method for shower wall installation.
- ** Residential Exterior vertical uses in climates that do not experience freeze-thaw conditions.
- ▲ Zellige has traditionally been used in pools and fountains in Morocco. However, Zellige tiles do not meet US standards for use in pools, spas or other areas where it will be regularly submerged in water; and we do not recommend Zellige/Mistral for these applications. Use of Mistral in pool, spas and fountains is at the discretion of the customer and no claims for damage will be honored for Mistral used in these applications, regardless of installation methods.
- If used for flooring, expect wear and tear on the tiles, which may include glaze wearing off the edges, or chipping off the surface, as well as cracks, or complete failure of occasional tiles.

FLOOR APPLICATION DEFINITIONS:

Light Residential - Flooring areas subject to soft-soled footwear or normal footwear traffic without abrasive soil/dirt, such as bathrooms and bedrooms without exterior access and minimal pivot points.

Residential - Flooring areas subject to soft-soled or normal footwear traffic that may contain amounts of abrasive soil/dirt, such as living rooms, dining rooms or other rooms with exterior access.
